

Study Guide

The following questions are to help you think about the material you learned in each of the lessons. They are organized to follow the outline in the textbook “*Summary of Christian Doctrine*” by Koehler. As you study each chapter on the videotape, please also read the chapter in the textbook. **Write your answers on a separate sheet of paper and discuss them with your mentor.**

At the end of each part are summary questions. The summary questions are to help you put together what you learned in the preceding chapters.

If you have questions about what you study that your mentor cannot help you with, you may send me email or regular mail. You can get my current addresses by contacting the LCMS Office of Rosters and Statistics, (800) 248-1930.
